. . . 40 Years
of Progress

SISTER MARY NORENA, Principal

As a final tribute for your past years of service and devotion to Cathedral High, the Senior Class of 1968 wishes to express its appreciation for this devotion.

We thank you for your untiring efforts on our behalf, for your support and interest in all activities, especially those during our senior year.

Your example alone would have taught us to perfection the virtues of respect, integrity, and sense of purpose, but you gave us more ... you gave us part of your life, and this we will cherish always.

President's Message

The time has come! We, the senior class of 1968, the prospect of the future and hope of the world, take one more positive forward step on the long, lean path of life.

No one ever said the path was smooth and easy, but our friends, our experiences, our dissappointments and achievements at Cathedral High will prove that we are as good as any preceding class, generation, or people.

At this time the nation faces a crisis. We too face a crisis, the crisis of the future. Some of us will become doctors, lawyers, or businessmen; but whatever we do, whatever way we decide to serve God, mankind and ourselves, a part of Cathedral will live on in us and we will walk that much straighter and taller on that long, lean path of life.
